

# Cypress Falls FFA

Howdy,

Starting off a new year is always exciting! We would like to welcome each of you back to school. For new members and returning members, we hope you had a wonderful summer and are now ready to make 2019-2020 the best one yet.

By enrolling in an Agricultural Science class and becoming a member of the Cypress Falls FFA, you have taken the first step in learning leadership, responsibility and creating values which students will carry with them throughout life. As the year progresses our goal is to help your child gain self-confidence, become knowledgeable about the agriculture industry, and compete in leadership & career development events. We want you to witness the pride the students have as they put on their blue and gold jacket for the first time. To learn more about what FFA programs have to offer, you can view the following websites: [www.ffa.org](http://www.ffa.org) or [www.texasffa.org](http://www.texasffa.org)

In an effort to support your child, you can also become a member of the Cypress Falls FFA Booster Club. The Booster Club will provide the support needed to help the Cypress Falls FFA chapter accomplish their goals. Whether you are raising money or cheering kids on in the show ring, the booster club's purpose is to make sure our students and advisors have the tools we need to achieve our goals and to be successful in and out of the classroom.

We also invite all of you to view our Cypress Falls FFA chapter website at [cyfalls.ffanow.org](http://cyfalls.ffanow.org). You will be able to view our calendar of events, procedures and policies for the booster club & chapter, and much more!

We are looking forward to working with all of you to make the Cypress Falls FFA chapter the BEST!

Sincerely,

Mrs. Turner, Mr. Eatmon & Ms. Feinberg
